

Horizon EUROPE

is the European Union's research and innovation programme for the period 2021-2027.

Horizon Europe is based on a 3-pillar model that will support open science, tackling global challenges and industrial competitiveness and open innovation, in addition to supporting the strengthening of the European Research Area.

Julija Asmuss | NCP coordinator

When searching for EU funding opportunities, we recommend you to book a consultation with one of our experts and get highly qualified support.

The NCP is active in sharing information through events.

They can be found on our website.

WWW.LZP.GOV.LV

Consultations on **Horizon Europe** funding opportunities can be organised by prior arrangement with the thematic expert.
