Research Council of Lithuania

The National Contact Points services:

The National Contact Points (NCPs) are experts in the specific priority areas of Horizon Europe, and are located in each EU Member State, the countries associated to the programme and some third countries. They provide a free and confidential service offering guidance, practical information and assistance on all aspects of participation in Horizon Europe.

information and advice on conditions for participation, possibilities and conditions for submission of proposals, proof reading

advice on project budgeting, reporting, financial regulations and project management

consultations on horizontal topics (gender equality, impact, IPR, open access, research ethics) across the programme

assist researchers and organisations, in particular new actors and SMEs, with a view to increasing their participation in HE

information on other European RTD-programmes in the field of research and innovation such as COSME, Eureka, COST, R&D related parts of European Structural and Investment Funds

organise courses, training sessions, events and workshops
