Shell Archaeochrome

BACH: the molecular suite of shell Bio- & ArCHaeochromes

The Idea

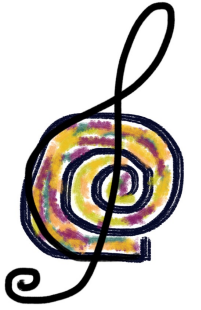

Interdisciplinary

Colours

Gene editing

Shells

Archaeology

Project idea

- Side projects from my PhD
- Interest
- Time

Choosing the lab

- The place
- Learn something new
- Keep collaborations
- Ask advice

The Process

Writing

- Devote time
- Concise
- Simple
- Doable
- Personalised
- Time to rethink

Challenges

- Ambitious → ← Doable
- Reviewers (audience) perspective
- Vision → putting it all together
- Clear methodology

My tips

- Read other applications
 - Listen to webinars (inc. old)
 - Keep in touch with other MSCA writers
 - Take advice (project officers)
 - MSCA language
- Write → leave it → re-read it!
 - Sleep
 - Know why you want it

Believe your project
has a chance
