Proposal submission

Proposals must be submitted electronically using the **Portal Submission System**.

Where? Access to the Submission System is available through the [Topic page on the Portal](#) > [Start Submission](#).

Who? Proposals must be created and submitted by a contact person of the coordinating organisation. Exceptions exist for some programmes/types of action which are fully focused on individuals (*e.g. the Principal Investigator in Horizon Europe ERC grants or the Fellow in Horizon Europe MSCA grants*).

How? The **Submission wizard** will guide you step-by-step through the process. You will need to use the online forms and templates available in the Submission System. The application form is described below.

SPECIFIC CONDITIONS FOR ACTIONS WITH PCP/PPI	36
H — Specific conditions for actions implementing pre-commercial procurement or procurement of innovative solutions	36

Projektu veidi....

The following activities are generally eligible for grants under Horizon Europe:

Research and innovation actions (RIA) — Activities that aim primarily to establish new knowledge or to explore the feasibility of a new or improved technology, product, process, service or solution. This may include basic and applied research, technology development and integration, testing, demonstration and validation of a small-scale prototype in a laboratory or simulated environment.

Innovation actions (IA) — Activities that aim directly to produce plans and arrangements or designs for new, altered or improved products, processes or services. These activities may include prototyping, testing, demonstrating, piloting, large-scale product validation and market replication.

Coordination and support actions (CSA) — Activities that contribute to the objectives of Horizon Europe. This excludes R&I activities, except those carried out under the ‘Widening participation and spreading excellence’ component of the programme (part of ‘Widening participation and strengthening the European Research Area’). Also eligible are bottom-up coordination actions which promote cooperation between legal entities from Member States and Associated Countries to strengthen the European Research Area, and which receive no EU co-funding for research activities.

Maksimālā atbalsta intensitāte pa projekta veidiem

- Research and innovation action: 100%
- Innovation action: 70% (except for non-profit legal entities, where a rate of up to 100% applies)
- Coordination and support action: 100%
- Programme co-fund action: between 30% and 70%
- Innovation and market deployment: 70% (except for non-profit legal entities, where a rate of up to 100% applies)
- Training and mobility action: 100%
- Pre-commercial procurement action: 100%
- Public procurement of innovative solutions action: 50%

Other funding rates may be set out in the specific call conditions.

For **lump sum and unit grants**, the funding rate is already applied as part of the methodology for fixing the amounts and is therefore not shown in the grant agreement.

Izmaksu kategorijas plānojot projekta budžetu

Budget categories and cost eligibility rules

The budget categories and cost eligibility rules are fixed in the grant agreement (*Data Sheet, point 3 and article 6*).

Budget categories:

- actual costs (i.e. costs which are real and not estimated or budgeted) for:
 - personnel costs (unless declared as a unit cost; see below);
 - subcontracting costs;
 - purchase costs (unless declared as a unit cost; see below); and
 - costs of providing financial support to third parties (if provided for in the specific call conditions);
- units (i.e. an amount per unit) for:
 - personnel costs of SME owners/natural persons not receiving a salary;
 - personnel costs calculated by the beneficiaries according to their usual cost accounting practices (average personnel costs);
 - costs of internally invoiced goods and services calculated by the beneficiaries according to their usual cost accounting practices; and
- specific unit costs (if provided for in the specific call conditions; see also Annex 2a of the grant agreement);
- flat-rate (i.e. costs calculated by applying a percentage fixed in advance to other types of eligible costs) for:
 - indirect costs (25% flat-rate of the total eligible direct costs, excluding eligible direct costs for subcontracting, financial support to third parties and any unit costs or lump sums which include indirect costs);
- lump sum (i.e. a global amount deemed to cover all costs of the action or a specific category of costs, if provided for in the specific call conditions).

Within a grant, different forms of costs can be used.

Costs can also be declared under several EU Synergy grants, if provided for in the specific call conditions and the funding under the grants does not exceed 100% of the costs and contributions declared to them.

GENERAL INSTRUCTIONS

This workbook enables you to present the detailed estimation of costs of your lump sum project and to calculate the lump sum breakdown per beneficiary and per work package. It must be uploaded as an additional document at the 'Proposal forms' step of proposal submission. This is mandatory. If you do not upload the Excel workbook, the proposal submission will be blocked.

You **must not change the structure** of this workbook (e.g., do not add, remove or modify rows, columns or tabs).

Comprehensive guidance and background on [lump sum funding under Horizon Europe](#) is available on the Funding & Tenders Portal. To get started, we recommend to read the guide [Lump sum funding – what do I need to know](#). This includes details on how to complete this Excel workbook. The weblinks are provided in column E.

We recommend using Excel 2013 (Windows) / Excel 2016 (Mac OS) or more recent.

The only currency used in this workbook is EURO.

You **must complete** the following sheets: 'BE list' – 'WP list' – 'BE' (one sheet for each beneficiary) – 'Depreciation costs' (if any). The appropriate number of individual beneficiary sheets ('BEx') will be generated automatically with data from the 'BE list' and 'WP list' sheets.

The information in this workbook **must correspond** to the main proposal. For example, the list of beneficiaries and affiliated entities and the list of work packages must be the same. Likewise, the tables in section 3.1 of Part B of the proposal must be in line with the budget presented here (e.g., table 3.1h 'purchase costs', and table 3.1i 'internally invoiced goods and services').

Kā validēt un reģistrēt organizāciju?

2.1 Registration and validation of your organisation

Before submitting an application, all participants involved in the proposal must first be registered in the Portal [Participant Register](#) and have their 9-digit Participant Identification Code (PIC number).

You can verify directly on the Portal whether your organisation is already registered and has a PIC. If not, please proceed with the registration following the instructions on the same page (the **Registration wizard** will help you through the process). Once completed, you get the PIC to be used in your online application form and further correspondence with the EU services.

If you do not have a user account (EU Login), you will first need to create one, before starting the registration process. If you already have a user account (EU Login), you can log in and directly start registration.

⚠ Please note that the Participant Register is primarily directed at organisations and that not all of the labels fit for individuals (natural persons). Enter your information as appropriate (e.g. *country of residence instead of country of registration, passport number instead of registration number, etc.*)

SEARCH FUNDING & TENDERS HOW TO PARTICIPATE PROJECTS & RESULTS **WORK AS AN EXPERT** SUPPORT

Work as an expert

The European Union Institutions appoint external experts to assist in the evaluation of grant applications, projects and tenders, and to provide opinions and advice in specific cases.

Watch later Share

In particular, experts assist in:

- Evaluation of proposals, prize applications and tenders
- Monitoring of actions, grant agreements, public procurement contracts

In addition, experts provide opinion and advise on:

- Preparation, implementation and evaluation of EU programmes and design of policies.

In order to select experts, the European Union Institutions publish regularly calls for expression of interest (see list below) detailing the selection criteria, the required expertise, the description of the tasks, their duration and the conditions of remuneration.

Interested? Please join the database of external experts!

Horizon Dashboard

The Horizon Dashboard is an intuitive and interactive knowledge platform offering a user-friendly public access to statistics and data on EU research and innovation. It offers:

- Easy access to overview and detailed information on proposals, funded projects and project results, notably reported IPRs and scientific publications,
- Views on specific aspects e.g. the Seal of Excellence, the European Innovation Council
- Intuitive functions for filtering and drilling down, allowing analysis by geographical location, research thematic area, organization types etc.

Starptautiskā programma

Finansiālu atbalstu Eiropas Savienības pētniecības un inovācijas programmu un to apakšprogrammu ietvaros apstiprinātiem projektiem Latvijas Zinātnes padome (LZP) piešķir saskaņā ar Ministru kabineta 2015. gada 26. maija noteikumiem Nr. 259 "[Atbalsts piešķiršanas kārtība dalībai starptautiskās sadarbības programmās pētniecības un tehnoloģiju jomā](#)".

Finansiālu atbalstu var saņemt zinātniskā institūcija vai uzņēmums (turpmāk – atbalsta pretendents), kas ir kādas no šādu programmu atbalstīta projekta dalībnieks:

- Pētniecības un inovācijas pamatprogramma (Horizon 2020) Apvārsnis 2020,
- Pētniecības un inovācijas pamatprogramma (Horizon Europe) Apvārsnis Eiropa,
- Pētniecības un mācību programma EURATOM,
- Apvārsnis 2020 ES dalībvalstu kopējās programmas vai kopuzņēmuma ietvaros atbalstīts projekts,
- Apvārsnis 2020 ERA-Net Cofund aktivitātes ietvaros atbalstīts pētniecības projekts,
- Apvārsnis Eiropa Eiropas Partnerības ietvaros atbalstīts pētniecības projekts,
- Dalībai COST programmas akcijas pasākumos vai COST akcijas pasākumu organizēšanai Latvijā,
- Eiropas Pētniecības infrastruktūras European Social Survey organizēts pētījumu posms,
- Eiropas Pētniecības infrastruktūras SHARE organizēts pētījumu posms.

Lai saņemtu finansiālu atbalstu iepriekšminētās programmas vai aktivitātes ietvaros atbalstīta projekta īstenošanai, pretendents LZP iesniedz pieteikumu par atbalsta piešķiršanu.

Pieteikumu par atbalsta piešķiršanu izskata un finansiālo atbalstu projekta īstenošanai piešķir Izglītības un zinātnes ministrijas izveidota projektu vērtēšanas komisija.

Izglītības un zinātnes ministrijas rīkojums par komisijas izveidi

Saskaņā ar projektu vērtēšanas komisijas lēmumu LZP slēdz līgumu ar atbalsta pretendentu par projekta īstenošanu. Projektu īsteno pa posmiem, kas katrs tiek plānots apmēram uz 12 mēnešiem. Atbalstīto projektu ieviešanu atbilstoši līgumā noteiktajam uzrauga LZP. Līgumā norādītajos termiņos atbalsta pretendents iesniedz LZP atskaites par projekta vai projekta posma īstenošanu un sasniegtajiem rezultātiem.
